All Your legal information and contracts can be viewed at any time via Our [website](#). Capitalized terms have the definition attributed to them in our [General Terms and Conditions](#) of Domain Name Registration. Specifically, "You" refers to the owner of the domain name, and "We" designates Gandi. - provide and maintain accurate, reliable and up-to-date personal data. Nominet checks the validity of contact information; if some data is inaccurate, You will receive an email asking You to update it within 30 days. Section .UK.6. Dispute resolution policy

Nominet has set forth a specific Alternative Dispute Resolution Policy for domain name in the .UK zone ("UK Dispute Resolution Service" – DRS), that You agree fully abide by: <http://www.nominet.org.uk/disputes/drs/>

Section .UK.7. Transfer (change of Registrar)

The specific transfer rules can be viewed at: <http://www.nic.uk/registrants/maintain/changeregistrar/>

The process is started on Our website. You shall then ask to Your current Registrar to specify GANDI as the new Registrar (replace the "Registrar tag" by GANDI).

The transfer of a domain name of .UK zone does not change the domain's Expiration date. However, in case of a transfer request to Gandi near the renewal deadline, Your domain name will be automatically renewed (for 2 years) during the transfer. You accept and You agree to pay the cost of renewal once the transfer completed, failing We will have to delete Your domain name.

Trade (changing the owner during a Registrar transfer) is not available.

Section .UK.8. Ownership change

The specific rules for ownership changes can be viewed at: <http://www.nic.uk/registrants/maintain/transfer/>

The change of owner has to be requested on [Nominet's website](#). As registrant (owner) of the domain, only You can carry out this operation. Once the owner has been changed at Nominet, please contact Our customer service department, so that We can update our databases.

The owner change for a domain name in the .UK zone does not change the domain's Expiration date.

Section .UK.9. Deletion process

29 days after the Expiration date, the domain name is released by Gandi to the Registry. All the associated technical services are deactivated.

At this time, the domain name is placed on Quarantine status and can be restored, in accordance with the terms and conditions described on Our website and/or as communicated by Our Customer Care service. The length of the Quarantine period is 60 calendar days.

If the domain is neither renewed nor restored within these deadlines, the Registry will delete the domain name, which will become available for registration on a "first come first served" basis.
